The School of Design in the College of Imaging Arts and Sciences at the Rochester Institute of Technology invites applicants to apply for a tenure track Assistant Professor position, or a tenure-track Associate Professor position dependent upon experience and qualifications, to teach in the Interior Design program. Expectations include teaching undergraduate studio and lecture courses; participating in innovative teaching and curriculum development; engaging in research and/or creative scholarship; rendering service to the school, college, university, and/or community; advising and mentoring undergraduate students; and participating in professional organizations important to the field of interior design. Applicants with prior college teaching and leadership experience may be considered for the position of Program Chair of the Interior Design program. Program Chair responsibilities include program, curricular, and student oversight.

The Interior Design program offers a BFA in Interior Design. The program enrolls approximately 75 students. A combination of full-time and adjunct faculty contribute a range of professional interests and expertise. The Interior Design program exposes students to the creative integration of form, materials, function and aesthetics within interior and architectural space. This is a CIDA accredited program.

The position begins **August 13, 2014**.
